

## Coders Club

This club runs on **Wednesday starting 16th Jan for 10 weeks**

Using an integrated development environment, children are guided on a step-by-step programming journey on how to code from the ground up. After this they will have a firm understanding of the complex programming constructs, concepts and principles. Coders Club teaches coding through the creation of computer games, apps and programs.

We teach Python, Javascript and blocks for all ages. Each student will receive a login & password which they can also access at home.

**This club will run every Wednesday from 4-5pm week for 10 weeks.**

**Payment: £50**

**Payment Link: <https://clubs.school/gateways>**
