

15 February 2019

Dear Parents,

Following on from my recent communication regarding the setting of Upper 3 in mathematics, we have now reviewed the other teaching groups. Whilst Upper 3 will remain in small mixed ability classes for English, science and other classroom based subjects, we have identified some changes which will allow the girls different groups to work with.

New timetables have been issued and will take effect following half term, from Monday 25th February. As parents' evening takes place on Thursday 7th March, if your daughter now has a different teacher for English, biology, physics and/or history then I would ask that you speak to the teacher who has taught them for the first half of the year as well as their new teacher.

I hope you have a restful half term.

Yours sincerely

Karen Titman
Deputy Head
