

## Lucas Kitson's 'Real' football adventure

During the last school holiday, Lucas Kitson from Lower 4 had the opportunity, with his club football team, to go on tour and experience the facilities at, none-other-than, Real Madrid!

The trip included training for two days at the Real Madrid academy with club coaches and then 3 matches against La Liga academy opposition too.

Lucas has been at Gateways since he was 5 years old with football being his first love. He's also a talented all-round games player and has represented his school, as a sporting stalwart, in numerous other sports too!

Well done to Lucas and his teammates and what an experience!
