Lower 5 GCSE Business students have been comparing the cost of a Big Mac, medium fries and a medium Coca Cola around the world as part of their work on exchange rates. The girls had to look up the relevant exchange rates, research the global McDonalds prices online and then convert the total into £s – and the most expensive place was... Switzerland where the cost is CHF 13.40 (or £10.39) which is around £5 higher than in the UK!
