

Upper 4 French preparing for their end of year examination

Upper 4 French have been very busy with their revision in French over the last couple of weeks. They have been working hard to consolidate all of their knowledge of grammar and topics studied over the last year. To prepare for their written examination, they produced an extended piece of work about their personalities, a description of their hair and eyes, the school subjects they like and dislike, the sports they do and why as well as the food and drink they ate yesterday. They have also included past, present and future tenses as well as a variety of opinions - quite a lot covered in one year of French!

I was delighted with the work they all managed to produce and this bodes well for their end of year examination. Good luck Upper 4!
