

Coming soon... books in the sunshine

Friday 18th June will be a celebration of reading across the school. Children from Prep and High School will engage in the pleasure of books and appreciate all the treasures they offer, both imaginatively and intellectually.

This week, we have been preparing for the event by making bunting to decorate the outdoor learning facility where we will be sharing stories before embarking on a special reading activity. The day is designed to promote our joy of the written and spoken word.

We look forward to sharing our love of reading in the beautiful natural surroundings of the school. Pictured above is a sample of the bunting that has been produced by children from Lower 3, Upper 3, Lower 4 and Upper 4.
