U14 Netball vs Harrogate Grammar

Gateways 21-12 Harrogate Grammar

The U14 netball team had a strong start to the season with a win against Harrogate Grammar. With a good start to the game winning the first quarter 8-2 due to some good shooting from Poppy Straight and Alice Pheasey, we were able to continue to maintain the good play into the 2nd quarter. Jemima Land managed to turn over lots of ball on the opposition centre pass to help the team to have more shooting opportunities going into half time.

As the game got closer in the 3rd and 4th quarter, our girls managed to slow the play down and control the ball to take it towards goal. The girls started to grow in confidence the more this was happening and began to pull the goal difference back out to take their first win of the season in their first game with Poppy Straight taking oppositions player of the match.

6th October 2021

U15 Netball vs Woodhouse Grove

Gateways 27-9 Woodhouse Grove

Finally, the sun was shining for one of our netball fixtures and we managed to play the game outside. The girls really took to outdoor netball by playing the short passing and controlled game of netball in the first quarter. With good rebounds in defence, man to man marking in centre court and accurate shooting, the girls were able to build into the first quarter to take a good lead which helped them to continue their success throughout the game.

Thank you to the spectators for the encouraging support which helped the girls to play some strong netball and demonstrate confidence and good composure throughout the game to take the win.

Miss Jade Preston
