

## Book recommendations from Upper 3 and Lower 4

**THE NAME OF THIS BOOK IS SECRET**  
By Pseudonymous Bosch

I would really recommend this book (which is in the library) and the rest of the series (which aren't), because it was funny in places, full of suspense and like nothing I've ever read before! The characters are very original and different, especially the antagonists.

**Our Beautiful Game**  
Lou Kuenzler

Our beautiful game by Lou Kuenzler is my recommendation.

It is a great book about a girl called Polly who lives with a lot of brothers and sisters on a farm. It is set around the world wars. Polly is forced to work but wants to play football at a factory instead. This book shows about girls being put at a lower class than boys and is a very interesting read. I personally rate it 5 stars.

My next book is

**ALEX RIDER**  
STORMBREAKER  
Anthony Horowitz

This book is Alex Rider by Anthony Horowitz and is my 2<sup>nd</sup> recommendation.

This book is about a boy called Alex who is part of MI6 after trying to work out what happened to one of his members of family. This is a great adventure and it is hard to put the book down. If you enjoy mystery and spy books this is a great option and is one of my all time favourite books.

My book recommendation- The Hunger Games by Suzanne Collins

I recommend the Hunger Games because it is an interesting book with an interesting plot. It's full of surprises and little twists. I love the characters and the way they are surprised. I think the author writes it in a way that makes it more of an interesting story. I think District 12 is described in a way that helps the reader understand what life is like for Katniss in the mining districts.

**YOU KILLED ME**

You killed me is an excellent group read to do with friends because it is a short story but makes readers wonder what happens next. Me and my friend loved it because it was unexpected.

The book it is about a boy who ends up killing this man, he does not know it though, but he did not know it was the aftermath of his actions that caused it.

The author of this book is Keith Gray who has written a lot of horror themed books such as Ghosts and Creepers.

I would give this book a 4 star because it was extremely good but is a quick read and I did not want it to end.

Books I recommend

I really recommend Fing and Slime by David Williams. They are very imaginative and cool and fun to read. Slime is about a poor boy and his sister is very mean to him. He makes the slime out of disgusting things.

Pupils in Upper 3 and Lower 4 are working very hard in English lessons. They particularly love reading and reading together in small groups in their WORD sessions. We have a number of pupils who like to share the books they have enjoyed with others. Here is a selection of the books they would like to recommend.
