U15 Netball vs Stoneyhurst

Gateways 42 – 35 Stoneyhurst

From start to end this game was one of the best performances by the U15s this season. With only 7 players all the girls had a test of fitness and skill against quality opposition. After some initial nerves, the girls built into the game and started to look after possession of the ball.

When the game was going goal for goal, the defence worked as a unit and communicated any issues they felt they could improve on which helped them to gain more turnovers. The attack grew in confidence. They used their back-ups and support nicely to create space. Both shooters worked together in the circle to make sure one of them was always free and had a high shooting accuracy over a tall defence. Going into the final quarter it was 27-27 and the U15s managed to control the last quarter with fantastic team work and gain a 42-35 win. Both coaches stated what a high-quality match it was. Opposition player of match was awarded to Izzy Dyer.
