

Lower 5 Art – BizROne artist workshop

Lower 5 recently had the pleasure of taking part in an artist workshop day run by BizROne, to create their own self portrait in his street art, graffiti style. They got to look through his portfolio of work where he has drawn multiple celebrities and learn his techniques and processes, using abstract patterns and colours to draw their face.

BizROne has produced work for Floyd Mayweather, Chris Brown and even painted murals at the headquarters of the clothing company PrettyLittleThing.
