

Upper 4 French receive their first penfriend letters

The Upper 4 French group wrote their initial penfriend letters before Christmas, so it was a lovely surprise for them to receive their first letters from their penfriends. The French penfriends had included a lot of information about themselves, including a map of the region they live in. Upper 4 were keen to write back straightaway and were able to use a lot of what they had learnt recently in class about their school and the subjects they study.

Above we can see Leah and Jemima with both their penfriend letters and their replies.
