

Lower 6 Art

Lower 6 pupil Izzy has been using her grandparent's heritage as a theme for her personal investigation. She has been exploring a range of painting techniques in the style of her chosen artists, incorporating texture and 3D elements into her portraiture. Her attention to detail is extraordinary in both her painting style and ideas behind her work. She has visited her grandfather recently in Scotland to take photos and is including hand written letters by him, into her backgrounds as a canvas.
