

Sports Report WC 2/5/2022

5th May 2022
U13 Rounders v GSAL
Gateways 14.5 - 14.5 GSAL

The U14 Rounders team played their first ever competitive high school match on Thursday evening. Lockdowns and restrictions have meant that this team have not played competitive summer sports since Prep School and so they were really excited to play against opposition from another school, albeit it was a friendly match.

The girls played two innings of 33 good balls. When batting they had to listen carefully to umpire decisions and react quickly to the oppositions fielding decisions to stay in, but also try to score half rounders on 2nd post. Mia Fishwick was the top scoring batter, scoring 5 rounders across both innings. Ruby Flower also hit consistently, scoring 3 rounders for the team across both innings. When we went into field, it was evident that the girls had listened to the rules in lessons and did their very best to stop the score and get players out on posts.

Emily Cockroft moved positions to react to where the batter was hitting the ball and this proved useful in stopping players getting full rounders. Mia Fishwick stopped some excellent balls from going too deep into the field and Jasmine Levison caught some great balls on 2nd post. The player of the match as voted for by the opposition was Isabella Noble, she played an excellent backstop, taking backwards hit catches and making quick decisions of where to throw the ball into the field. Well done to all the girls who played. The next match is next week where we hope we continue to make progress.

Mrs Laura Braithwaite
