

Upper 5's 'greatest show' flash mob!

Just before they go on study leave, Upper 5 have been asked to reflect upon their final week as High School pupils, before their exams and before they become Sixth Formers in September.

“During our final week of U5 we have been organising our memories of High School assembly and a flash mob that took place in the dining room on Thursday lunchtime. This last week has been an emotional and nerve-wracking one to say the least - reminiscing on our favourite memories and stressing out the teachers with our endless last-minute questions about our exams! The teachers and students have made our final week of Upper 5 so memorable and we are both anxious and excited about our exams and Sixth Form after our unforgettable experience of High School.”
