

Sports Report WC 23rd Jan 2023

Monday 23rd January

U15 Basketball v King's School Pontefract

Won - 35 - 33

The U15s were a little depleted in numbers this week due to absence and illness however, with a little support from a couple of U14s they partook in a fantastic contest where the Gateways lads narrowly edged out their counterparts from Pontefract by a single basket!

Going down in the first quarter by 10-7, the Gateways team need to rally, and they did - responding with a dominant second quarter to take a 5-point lead. It was a lead they were never to relinquish, however, a late comeback from Pontefract made it a very interesting ending to the game with a shot to equalise, with just a second to go, which hit the rim and bounced away from the hoop!

Well done to all the boys who took part and thank you to Pontefract who made it such a hotly contested fixture.

Thursday 26th January

U13 & U12 Hockey v St Peter's York

U13 Lost 2-4

U12 Lost 1-2

After their first match was cancelled last week due to the inclement weather, the U12s and U13s travelled to York eager to get their season underway.

Both groups of players included boys who'd never played in a hockey match before and with only about 70 minutes of practice under their belts to boot! With that in mind, this performance was nothing short of sensational!

High School & Sixth Form

GATEWAYS
SCHOOL

Starting a little slowly (understandably), both groups conceded early goals however, once into their stride, both teams came back into their respective contests and not only held their own, but dominated for lengthy periods.

We have much to work on as a squad but the enthusiasm is there and the will to learn is clearly evident and, as teachers, we can't ask any more than that.

Mr Simon Scholfield
