

Upper 3 Spanish compete in a revision quiz

In Upper 3 Spanish lessons this week, pupils have been revising the topic of 'free-time' in preparation for their upcoming end of unit assessments which they will sit in their lessons next week.

Pupils covered the topic in detail last half-term. Since October, pupils have worked hard to build up their knowledge of relevant vocabulary. They have learnt how express and justify opinions about different activities. They have learnt a number of time phrases to say how often they do these activities. They have even practised using the connective 'cuando' (when) to say which activities they do under different weather conditions.

We spent our first lesson back after the Christmas holidays with a revision quiz. Pupils worked in pairs and competed against other pairs to get the best score at the end of the lesson. Well done to our winners: 1st place went to Arabella and Neiva, 2nd place went to Jay and Ria and 3rd place went to Sophia and Georgia.
