

## National Apprenticeship Week 2023

Next week sees the 16<sup>th</sup> annual National Apprenticeship Week with the theme of “Skills for Life” focussing on how young people can develop essential career and employability skills whilst undertaking apprenticeship programmes. This in turn encourages businesses to develop a talented workforce ready for the challenges of the future.

You can find a wealth of information about apprenticeships on the Resources section of Firefly\*, under *Subjects*, then *Careers*, covering the different apprenticeship levels and subjects, apprenticeship vacancies, tips on applying along with a range of resources especially produced for Apprenticeship Week.

Please use the link below:

<https://gways.fireflycloud.net/careers/apprenticeships>

Pupils are very welcome to find me in the library if they would like more information about apprenticeships and apprenticeship pathways.

Mrs Marlene Sharrock

\* Firefly is our parent portal so only parents and pupils can access this information via this link.
