

Author visit: Chris Priestley

This week, pupils in Key Stage 3 were treated to a visit by Chris Priestley, the author of various critically acclaimed young-adult novels and short stories.

In the comfortable and welcoming setting of our school library, Mr Priestley gave the pupils an insight into how he became a writer, the ideas and authors that inspired him, and how children can improve their own creative writing. Our pupils asked the author a range of insightful questions that drew out several intriguing aspects of his life and creative process.

Thanks to our librarian, Marlene Sharrock, for organising such a unique and enjoyable learning opportunity for our pupils!
