

Lower 6 Spoken English

This week, Lower 6 undertook their English Speaking Board's Advanced Certificate of Speech, which is a Level 3, grade 8 qualification. For this, the students have to prepare and deliver a 5 minute presentation, a 4 minute book recommendation and reading, and chair a 10 minute discussion on a newspaper article of their choosing.

There are some hugely interesting topics for presentation such as the Stonewall riots, the Stanford Prison Experiment, hockey umpiring and nut allergies. Given their hard work, I am certain that the girls will be as successful as previous years.
