

Diversity month – Upper 1 Art/PSHE

To celebrate diversity month, Upper 1 have been celebrating how we are all different and special. Within our PSHE lesson we discussed the meaning of diversity and shared ideas of how we are all different through fun and interactive games. We then linked this to our art topic where we looked at a variety of different butterflies picking out how all the butterflies all look different but are all special in their own way.

Super work Upper 1!
