

## Happy birthday Cherry; 1 year old on the 27<sup>th</sup> April

Cherry has become an integrated member of Gateways; she is popular with pupils and teachers with her most adorable and cheeky personality.

Cherry took her first steps into Gateways in August when she began to make visits to school and spend time with some of her now favourite members of staff.

She has her favourite spot in the staffroom and occupies prime position in both Mrs Wallis' and Dr Johnson's office. Cherry has made a home from home at Gateways.

It is hard to believe that she will be 1 year old next week. We are hoping to have a few doggy themes treats in store for her. Scroll down to see a collection of photos from being a pup to reaching 1 year old.

Dr Sara Newton

## Happy Birthday Cherry from everyone at Gateways
