

Opportunities for engagement in science – art competition

Each year the Royal Society of Biology opens up competitions for pupils that are enthused by science. The Royal Society of Biology the BioArtAttack (2D) competition is now open for entries! This 2023 competition is a new drawing and painting competition for children aged 7-18 years old to draw or paint their favourite animal, plant or fungi and it celebrates and highlights the benefits of combining art and science. More information (on PowerPoint) can be accessed [here](#).

Details

This competition is free to enter.

Each entrant can submit only one drawing or painting into the competition. We encourage entrants to enter scans of their drawing or painting rather than photographs. Entrants should keep hold of their original drawing or painting as this may be requested at a later date.

Full details on how to enter and the terms and conditions can be found [here](#).

The competition will close for entries at 23:59 BST on 29th July 2023. Winning entries will be announced on the RSB's website in October 2023.

Prizes

There are three age categories (7-11, 12-14, and 15-18) and prizes are awarded for:

- a **winner** (£50 for the student) to be awarded to a young person from anywhere in the World
- a **UK based winner** (£50 for the student) to be awarded to enable this competition to recognise the artwork of children living in the UK

- a highly commended runner up (£20 for the student) to be awarded to a young person from anywhere in the World
- a winner of the new Nancy Rothwell Prize 2023 (£50 for the student) to be awarded as a specific named specimen drawing prize (The Nancy Rothwell Prize 2023) to recognise specimen drawing in schools and to highlight the benefits of combining art and science

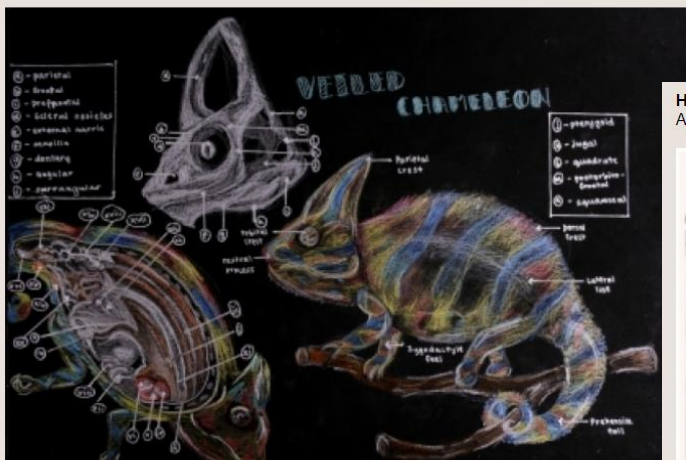

All highly commended entrants and winners will be invited to an online experience day at the [Royal Veterinary College](#).

If you would like to enter this competition and would like some support with the theme or ideas, please speak to your science teacher, Dr Newton or Miss Hayter. Your form tutor would also be interested to know that you are entering this competition.

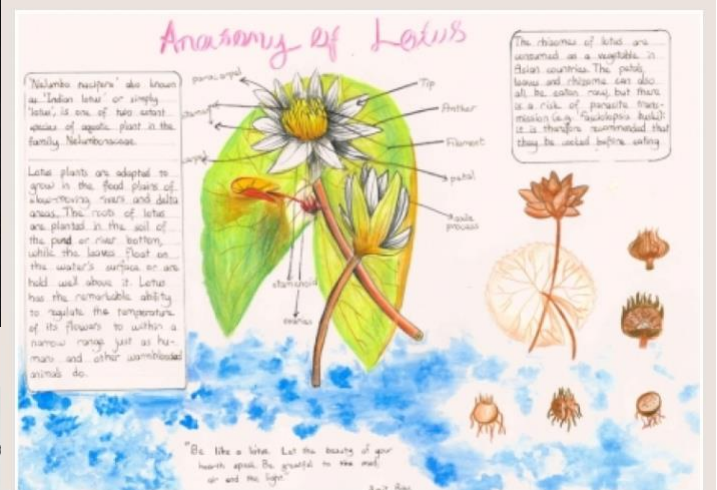

The competition will close for entries at 23:59 BST on 29th July 2023. Winning entries will be announced on the RSB's website in October 2023.

Some winning submissions from 2022 for a little inspiration...

Highly commended:
Adhithi Suresh, age 11

Highly commended:
Ada Yazmaci, age 10

Highly commended:
Katherine Hyerin Song, age 10
