

Upper 3 Spanish descriptions

In Upper 3 Spanish lessons this week, pupils have been working towards finishing off the topic of 'My family and friends'.

We have learned a range of adjectives which allow us to describe physical appearance. We have revised the grammatical rules about how adjective endings change to match the gender of the noun that they describe and how to conjugate verbs to match the 3rd person singular. We have practised our new vocabulary across the skills of listening, speaking, reading and translation. For homework, our pupils will use the Quizlet website to help them to learn their new vocabulary off by heart interactively and effectively.

Next week, pupils will go on to do some independent writing in which they will describe a famous person / cartoon character / family member / pet of their choice in the 3rd person singular. I look forward to seeing them show their originality and creativity next week.
