

Creative writing

This week in literacy, Reception have been completing some creative writing. At the start of the week, we read Jack and the Beanstalk. We talked about characters, settings, and story sequence. The children's creative minds were flowing and they asked if they could act out the story, they decided on the characters they needed and performed the story with wonderful expression and confidence. The children have been encouraged to use their imagination to picture what might be at the top of their beanstalk, these included: Ninja land, dinosaur land, a magical fairy castle and a haunted house!

It's been fantastic to see their creativity flow and everyone has produce some wonderful writing.
