

Numbots day

Thursday the 4th May was our first ever Numbots day!

The children were all dressed up wonderfully as number robots and really enjoyed parading in front of the Prep School to some classic rock anthems!

We enjoyed some fun maths games and made arrays using cereal – which the children were allowed to eat ONLY if they had made the array correctly! The children all did a wonderful job so sadly there was no cereal left for any of the teachers!

We look forward to many more Numbots days to come in the future!

Miss Beth Hayter and Mrs Heather Hallam
