Sports Report WC 1st May 2023

Friday 28th April

U11 Cricket v Queen Mary's

Three very even cricket matches were contested between Gateways and Queen Mary's on a warm afternoon in North Yorkshire.

Played on the opposition's AstroTurf, the pitch was divided into three even sections which provided a perfect playing area for the three games.

It was the first outing for both schools and would have most likely been the first cricket match ever for some! That considered, it was a superb effort from all concerned.

Both groups of players will have gleaned a great deal from the matches with regards to tactics, skills and the nuances of the game however, most of all, they all looked to be really enjoying themselves! Thank you to all who took part.

Tuesday 2nd May

U9 Cricket Festival - Cundall Manor

A lovely afternoon of competition with 16 of our Year 3 and 4 children taking part in a well organised and well-run event over at Cundall Manor.

Conditions were perfect with the rain staying away and the sun even popping out once or twice! Each of our two teams played three matches coming out on top in 4 out of the 6 they played.

The hard work done back in the sports hall, particularly with regards to bowling paid dividend as, we can honestly say, the Gateways teams looked the most accomplished in this department.

Thank you to our hosts and thank you to all the children who took part who made it such a fabulous event!
