

Times Table 'Rock Stars & Numbots' day

Thursday 4th May saw the Prep School hold our very first Times Table 'Rock Stars & Numbots' day. We were blown away with the effort that pupils, parents and teachers went to!

The day began with a parade in the PAC and prizes for the best dressed, awarded by our guest judges. Pupils then participated in fun activities during their maths lessons, including head to head competitions, online games, fun problem solving and even got the chance to read some of our newly purchased maths fiction books.

What a rocking day!

Mr Michael Arnold
