

Fun with clay

Last week, Transition enjoyed a fantastic art lesson working with clay for the first time. The children were given the instruction to make a clay animal – what they made, and how, was left up to their imagination. They loved exploring the clay and investigating how to manipulate it to the desired shape – rolling a sausage was harder than expected!

We have ended up with some AMAZING creations – from king cobras, to raccoons, a Shetland pony and a pair of snails!

This week, the children have used paint to make their animals look more realistic – as soon as they are dry, I am sure the children will be thrilled to show you and display them at home!
