

Upper 2 visit Peat Rigg

The children in Upper 2 had a fantastic, action packed three days at Peat Rigg last week. They braved the high zip line, abseiled from a great height, worked as team to complete climbing challenges and tried their hands at archery. We were also so impressed by their resilience in the Beck Scramble; even with wetsuits and waterproofs, the water was freezing! It was brilliant to see everyone working together to help and encourage each other across the rocks and down the water slides and to see so many proud, smiling faces at the end!
