

## Reception & Key Stage 1 Sports Day

Favourable weather and a huge parental gathering meant that the success of the Key Stage 1 and Reception Sports Day was never really in doubt, even before the first race had been run. The children were placed into their groups and were simply superb as they ran the gauntlet of four races. First up was the straight sprint, next the bean-bag agility run, then the egg and spoon before finally rounding it all off with an obstacle race.

Huge thanks to the Lower 6 Sports Leaders who were in charge of dishing out stickers, laying out and collecting equipment and starting all the races. A huge round of applause must go to the children, who gave each and every race their very best effort and were ready and focused throughout.

Thank you to all the pupils and staff who contributed to the success of the event and thank you also to all the parents for their undying support! Thank you also to Wayne and his team for the refreshments provided before the event for the parents.

Visit the Gateways School Facebook page for more photos from Sports Day.
