

Spicing up geography: pupils master the art of jollof rice

This term the Lower 4 geographers have been exploring the vibrant country of Nigeria. To truly immerse them in the Nigerian culture, and to get a delicious sense of place, we decided to take a culinary adventure together. The pupils put on their (metaphorical) chef hats and whipped up a mouth-watering batch of jollof rice, bursting with flavours of curried rice, tomatoes, onions, and peppers. It was the perfect way to wrap up the term, leaving us all with a deeper appreciation for the cultural richness of this remarkable nation.

Well done to all our aspiring chefs!
