

Upper 3 religions of the world presentations

This year, Upper 3 have been studying Judaism, Christianity and Islam to help them recognise the common features between these three Abrahamic faiths as well as understand how and why they are different.

Following the end of year examinations, Upper 3 have been researching and preparing a presentation on some of the smaller denominations of these religions as well as some smaller faiths around the world. We have seen some fantastic presentations ranging from Mormonism and Sufism to Baha'i and Taoism.

Mr Daniel Reeves
