

## Lower 2 make a super start!

In Lower 2 we have had an amazing start back at school this September. The children have been working hard within all their subjects. They have been enjoying writing fantastic poems all about animals in English and learning about place value in Maths. Lower 2 have also started their new Humanities topic; The Wild West! Our first lessons were so exciting, and it was very interesting to learn all about a new area in the world.

The pupils have come back to school with such a fantastic attitude and have already produced some exceptional pieces of work. Myself and Mr Grasby have been so impressed - keep it up everyone!
