

## Lower 2 travel to the Wild West!

In Lower 2 we have been learning all about The Wild West in our humanities lessons. So far, we have explored the Oregon Trail and have learnt all about life as a Native American Indian.

We have been using drama to transport ourselves back in time and place ourselves in the shoes of Native American Indians, pioneers and American soldiers. The children got very invested in the characters, and we learnt lots about the different groups of people.
