

## Lucy's starring role in China

This summer I flew off to China to perform as the lead vocalist with Spirit of the Dance. I performed in 13 cities in some of the hugest venues holding audiences of over 2000.

In Shenzhen I was so lucky to be watched by my classmate Daniel who sent videos back to England to my excited family waiting to catch a glimpse of the show.

China was the most amazing country; I stood on the Great Wall of China and marvelled at the Skyline in Shanghai, it really does now hold a special place in my heart.
