

## Sports Report WC 11<sup>th</sup> September 2023

Friday 15th September

### Fast Paced Fun

A vibrant, lively and fun filled week has seen our pupils hit the ground, quite literally, running.

The arrival of Mrs Nichol has ignited the girls and their recent move to playing football. We are now seeing footballs at playtime and well attended practice sessions and the progress is clear.

Following the success of The Lionesses, it's the men's turn to compete for a World Cup; rugby being the focus this month. What better time for our boys to learn from the best by watching the world's elite players on TV as we begin our term of school rugby.

We have made decision making and skills work the big target in our PE lessons. With the help of new staff signings Miss Kirk, Miss James & Mr Chandler teaming up with the experienced campaigners Mr Arnold, Mr Woodfine and the PE Team, there has been a real buzz around the sports facilities. Exciting times!

Mr Phil Holmes
