Introducing a new languages club - Blooket club

Blooket club runs during Tuesday lunchtimes 1.15pm -1:45pm in S16. Pupils and I use the languages laptops to log into the blooket website and play competitive computer games against each other. It's a relaxed environment where we can shelter from the cold outside and relax and have fun with friends. Pupils also receive house points if they win a game!

We vary the games that we play and we choose different topics each week. This week, we played Crypto hack and Monster brawl. The topics that pupils chose this week were logos and superheroes and general knowledge.

We welcome new club members - come and give it a try!
