

Lower 1 celebrate differences

On Tuesday, Prep School enjoyed a day filled with activities centred around celebrating our differences. The children in Lower 1 learnt about food from around the world, made their very own Carnival masks to celebrate Brazilian traditions. They also made equality wreaths and hearts to recognise that we are all equal no matter the colour of our skin, using paint and weaving. To finish the day, they had an enthusiastic workshop on African drumming!

The children thoroughly enjoyed all their activities throughout the day and have created some wonderful work in recognition of all the cultures around the world and in our school. Well done Lower 1!
