

Lower 3 Mandarin – food and drink

Lower 3 have been learning how to pronounce different foods and drinks in Mandarin as well as the verbs for eating and drinking. During the lessons we have created a menu and the pupils have been acting as waiters/waitresses and customers to take orders for their choice of food in Mandarin.

It was a fun way to learn and we all thoroughly enjoyed this activity. Well done Lower 3! Remember, when you go to a Chinese restaurant try to order your meal in Mandarin!
