

Upper 5 write about their holidays

Upper 5 French have been studying the topic of holidays over the last few weeks. This topic is a key component of their GCSE examinations and it gives them a chance to consolidate all of their grammatical knowledge, vocabulary and structures. As a final piece of work on this unit, they are using 4 tenses to write about their holidays, including where they normally go, where they went last year, their plans for next year and what their dream holiday would be. Considering the recent change in weather, this got us all thinking of warmer climates and where we would go, if money were no object...Maldives anyone?

Above we have Nellie, Jemima and Avraj in our lovely new classroom in the Lodge.
