

Prep - World Mental Health Day and Tinned Tuesday

It was lovely to see the children in Prep in vibrant shades of yellow on Tuesday in support of World Mental Health Day. All were dressed in yellow, or had an item in yellow, like rays of sunshine and smiley emoji faces, spreading the message of good mental health and showing their support for those who may be going through a tough time.

Children also brought in a tinned item for our 'Tinned Tuesday' initiative. This small act of kindness will help to support our local community through the Wetherby Foodbank. Thank you again to all the families for your support with this. Your donations were incredibly generous and really will make a difference to those in need.

Mrs Heather Hallam and Miss Jade Preston
