

Pre-Reception learn about families

In Pre-Reception we have been learning all about how families are different. We discussed that people have different beliefs and celebrate special times in different ways. In Jigsaw the children took turns to talk about who is in their family.

Throughout the week we have also looked at different ways families celebrate birthdays. In the home corner the children immersed themselves in imaginary play having a birthday party, using the available props and practise their writing skills, writing invitations and birthday cards.

Finally, we ended the week by making some delicious cakes, weighing ingredients and comparing weight.

Another fun week we have had in Pre-Reception. Have a great weekend.

Mrs Debra Wellings
