

Transition visits Pizza Express

At the end of the last half term, Transition children had a special treat – a trip to Pizza Express in Harrogate!

We learnt about the different ingredients that go into making a pizza and got to touch, taste and smell some of them!

We made sure to practise good food safety measures by washing our hands and covering our hair and clothes before becoming a Pizzaiolo and making our own margarita pizzas. The children all knew what to do, as we had written pizza-making instructions the day before and were able to put them into practise!

The pizzas all turned out amazingly and the children were excited to either eat what they had made, or to take them home for their family to try. We hope you got a slice and enjoyed it too!

Miss Beth Hayter and Mrs Heather Hallam
