

Upper 2 craft sparkler fireworks: a dazzling prequel to the Gateways fireworks display

We are excited to share the latest adventures from Upper 2. This week, the pupils had an explosive experience creating sparkler fireworks with our amazing teacher, Mrs Dickinson. With the Gateways Fireworks Extravaganza just around the corner, Upper 2 had a fantastic opportunity to get into the spirit of the event by creating their very own sparkler fireworks. Mrs Dickinson kicked off this exciting project by demonstrating the process to the eager pupils then it was their turn to shine. Each pupil was given the materials and instructions to craft their own firework and as you can see, they did a brilliant job!

Thank you for your continued support, and we hope you enjoy the fireworks-themed crafts that your children have brought home. Stay tuned for more adventures and updates from Upper 2 as we gear up for a dazzling display of creativity and learning.

Mr Mike Arnold and Mr Matt Chandler
