

Upper 2 learn to tell the time in Spanish

Over the last 2 weeks in Upper 2 Spanish lessons, we have been learning the topic of time. Pupils have revised the numbers. They have learnt how to ask the question 'What time is it?' and they have practised expressing a range of times to each other.

I have been particularly impressed this year with the pupils' confidence in reading clock faces and knowing where clock hands stand to show different hours and minutes.

This year, the class also enjoyed our time ballet.
