

Upper 4 Mandarin

This week Upper 4 learned HSK1 topic 4 which focuses on learning about your classmates and friends such as asking which country they are from and the nationality of their teacher etc.

We started the lesson with a game of Bingo using Chinese characters chosen from topic 4 instead of numbers, which we all enjoyed.

We then practiced writing the Chinese characters and matching them with the English translation, and finished with a listening test, which proved very successful as the pupils scored full marks.

What a fantastic achievement. Well done Upper 4 Mandarin class.
