

Upper 2 catch the pom pom

In a lively form time session, Upper 2 pupils engaged in a delightful game of 'catch the pom pom', turning a simple activity into a valuable learning experience. Laughter echoed through the classroom as pupils honed their fine motor skills, grasping, tossing, and catching the vibrant pom poms with enthusiasm. This interactive game not only added a burst of fun to their morning routine but also contributed to the development of essential motor skills - fostering coordination and dexterity in a playful manner, proving that learning can be both enjoyable and beneficial.
