Pre-Reception learn all about the dentist

This week in Pre-Reception we have been learning all about the dentist. We looked at the importance of oral health and what we can do to take care of our teeth, such as visiting the dentist regularly, a healthy diet and brushing our teeth twice a day.

Throughout this week the children have also been drawing magnificent self-portraits. To support drawing their self-portraits, the children used a mirror to examine their features.

Finally, Pre-Reception took part in a rugby session delivered by Coach Tom from Elite Kids Coaching. The children enjoyed participating in a range of games, developing their throwing and catching skills. Lots of fun was had!

Have a great weekend.
