

## Sports Report w/c 15<sup>th</sup> January 2024

### Sharpening skills

Next week sees a start to school fixtures for our pupils.

All our children in Upper 1 & Lower 2 will travel to GSAL for boys' football and girls' netball matches on Tuesday. These will take place on the 3G astro (football) and courts or dome (netball). These are all at the top end of their site so, for those who wish to attend, you can all walk in a similar direction.

We will select teams from our Upper 2 & Lower 3 pupils for their opening fixtures as we travel to Ashville for netball and Moorlands for football. Those not selected this week will have great opportunity to work on their skills and improve their tactical awareness.

In the meantime, we have used the cold weather to motivate the children to keep active and warm with some sprint work and athletic development with all having fun as you can see from the photo above.

Mr Phil Holmes
