

## Lower 4 Spanish - being dramatic

Recently in Spanish, Lower 4 have been studying the topic of holidays. In this unit, the pupils first come across the past tense, which enables them to develop their written and spoken Spanish. The pupils have recently done a written assessment and, as a bit of light relief and an opportunity to practise their spoken Spanish, they have been rehearsing short plays about a real or imagined recent holiday abroad. I cannot wait to see how they are going to recreate the summer vacation atmosphere in a classroom in a wintry February!

Above we have Meg, Martine and Isobel in a restaurant and Tariq, Joseph and Miles heading off to an exciting location in the sun.
